

ITASKA BEACH Newsletter #2

February 2020

Municipal Development Plan Update

Hello!

In the summer of 2018, the Summer Village Council engaged Municipal Planning Services (MPS) to assist with the preparation of a **Municipal Development Plan (MDP)**. Throughout 2019, Council and MPS have been preparing a draft MDP.

In June 2019, **Newsletter #1** was circulated to residents to provide information about the project and survey. The purpose of **Newsletter #2** is to provide residents with an update on the project and the feedback received.

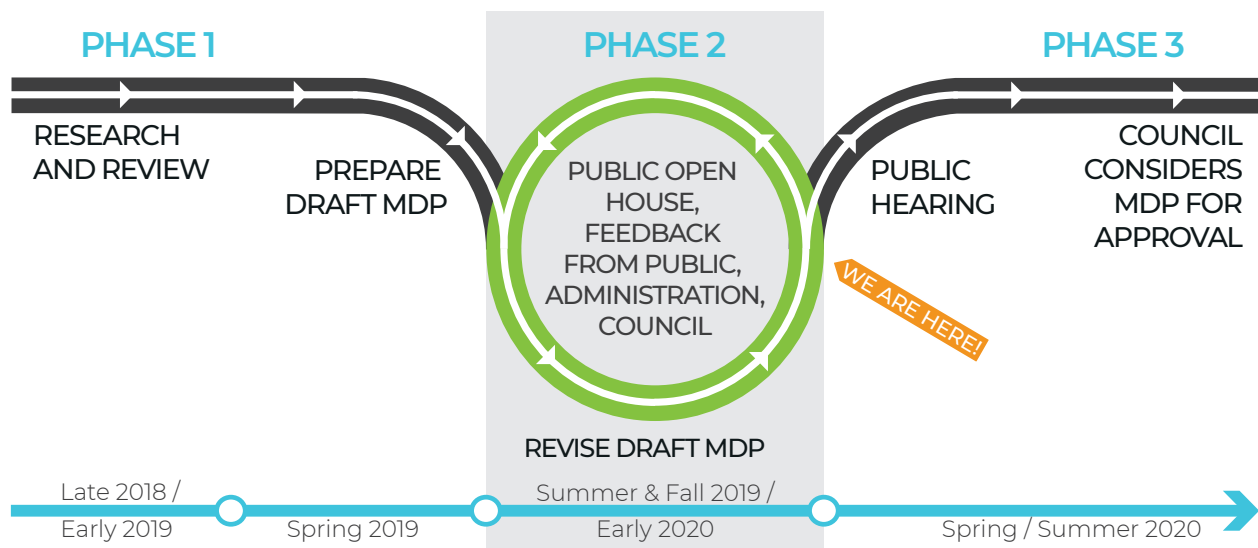

Project Update

MPS has prepared a **What We Heard Report (WWHR)** based on resident and stakeholder input for the draft MDP. Feedback pertained to the MDP vision, goals, objectives and policies, as well as history and development considerations in the Summer Village. Ideas and comments were gathered from residents and stakeholders at the Public Open House held August 17, 2019, from the online survey, and through email correspondence. The WWHR summarizes the feedback and outlines responses and recommendations based on the feedback. The WWHR can be found on the Summer Village website: www.itaska.ca.

During the next phase of the project, MPS will be revising the draft MDP based on the feedback received. Any additional feedback residents would like to provide for consideration must be provided **no later than February 28, 2020**.

Following the revisions, the MDP will be presented to Council for consideration of first reading. Thereafter, a **public hearing for the MDP will be held in the spring after residents return to the lake**. The date and time for the public hearing will be provided when the date has been confirmed.
